ELECTRONIC CONTROL

TECHNOLOGY

Fixture reset is controlled through menu or lighting console
0-100% dimmer
Constant current drive mode
Temperature sensor detection, intelligent adjustment for light source power
DMX channel level monitoring
Fixture information query
Intelligent fan adjustment
Initial brightness settings for all colors

POWER SUPPLY

AC100-240V 50/60Hz
Input Power: 900W
PF≥0.95

SAFE PROTECTION

Over current, overvoltage and overheating protection

WORKING TEMPERATURE

- 10°C - 45°C

DIMENSION AND WEIGHT

Fixture Dimension:
504mm x 382mm x 657mm
Package Dimension (flight case):
910mm x 550mm x880mm
Net Weight: 29 kg (fixture)
Gross Weight: 69.5 kg

PACKAGE

2pcs /flight case

IP RATE

IP 20
