# Hard-surface disinfectants and hand sanitizers (COVID-19): List of disinfectants with evidence for use against COVID-19

**Note: This list is updated regularly, so please check back often.**

All disinfectants that have a drug identification number (DIN) have been approved for sale in Canada. While most disinfectants will work against coronavirus, the following list of hard-surface disinfectants are supported by evidence following drug review, demonstrating that they are likely to be effective and may be used against SARS-CoV-2, the coronavirus that causes COVID-19.

## How to find out which products are on Health Canada's list of hard-surface disinfectants with evidence against COVID-19

1. Locate the Drug Identification Number (DIN) on the disinfectant product label
2. Look for that number on the [Disinfectants for Use Against SARS-CoV-2 \(COVID-19\) list](#)
